INVITATION

9th MATHINÉ

Dear Colleagues! Dear Friends,

On behalf of the Young Committees of the Hungarian Society of Hypertension and the Hungarian Society of Nephrology, we warmly invite all young colleagues who are interested in the field of hypertension and nephrology to participate in the upcoming 9th MATHINÉ.

Our goal remains to create the opportunity to present clinical investigations, case reports and experimental research results from a translational perspective, to broaden our knowledge, improve discussion skills and practice academic English. The mission of MATHINÉ is to recognize and highlight young talents from Hungary and neighboring countries, and to emphasize the importance and value of their work, as well as encourage international scientific collaborations. The event is dedicated to bringing young colleagues closer to each other by creating space for networking.

Take the opportunity! Join us in November in Pécs!

We wish you a good preparation.

See you at the 9th MATHINÉ !
